## No Action Locally on New Agreement

Local Officials of Union Have Not  
Yet Discussed Subject With  
Mine Operators

Neither in Coleman or Blairmore has there been any conference yet between officials of the Mine Workers Union or the mine managers, relative to the termination of the existing agreement and the agreement to take its place.

Locally the agreement expires at the end of April, and in response to enquiries by The Journal it is learned that there has been no negotiations entered into with a view to arranging a new agreement.

## Mine Workers Union Is Seeking Recognition

Organization Endeavoring to Have  
One Agreement Signed in  
Steam Coal Centres

Every effort is to be made by the Mine Workers' Union of Canada to secure recognition from coal operators, but it was admitted by Frank Wheatley, the president, on Monday, that so far they had not been successful. While there was no individual agreements made between the miners and the operators in some of the steam coal camps, the organization, he said, was bending all its endeavours in having those agreements signed. Sub-districts, he said, were being called upon to work towards that end.

Mr. Wheatley said that a further meeting of the policy committee would be held on March 29, to report on the progress that had been made.

## Former Coleman People Honored

In a recent issue of the Drumheller Review, in a report of a banquet and social held by the St. John Ambulance Association, is noticed mention of two people well known in Coleman. One is Dr. Ross, president of the branch there, and a former doctor of Coleman, who was presented with a diploma of honorary life membership for seventeen years of gratuitous work as a lecturer to the classes of the Society, and the other is Thos. Johnson, Jr., son of Mr. and Mrs. Thos. Johnson, of Coleman. Mr. Thos. Johnson, Jr., who is a talented singer of considerable ability, is reported as having contributed to the program, and during the evening was presented by the branch with a silver cigarette case as a gift of appreciation for his services as secretary. Prior to leaving for Drumheller three and a half years ago, Mr. Johnson was employed with the McGillivray Coal Co. here.

## University Extension

The public are asked to keep in mind the lecture to be given on Friday evening of this week by Professor Ottewill. The Professor is head of the Department of Extension of the University of Alberta.

His lecture will be illustrated by some still pictures, but principally by moving pictures. At the close of the lecture proper there will be a comedy feature for the younger folk. The lecture will be given in the United Church, which for the last Extension was packed. The public are cordially invited. There is no charge for admission. An offering will be taken to cover the expenses of the lecture.

## Complaint on Using School Ground Instead of Road Allowance

Some complaints have been made on cars using a portion of the school grounds at West Coleman instead of keeping to the road allowance. An inspection of the spot complained of indicates that people coming from the west particularly may easily mistake the trail that has been made across the corner of the school grounds for the regular road allowance, as there is no sign or barrier to indicate which is the regular road. The difficulty could easily be overcome at very little expense by the placing of a barrier or sign indicating the road allowance, and so avoid the risk of accidents to children during play hours.

## Seen From the Window

Spring is here, though we may have a few snow flurries before June. A robin was seen hopping around the Bank of Commerce on Tuesday morning, while bluebirds have also been noticed around some of the residences. The water from the snow in the mountains is now beginning to cause the streams and river to flow more rapidly, and all signs point to spring being well on its way. The advent of new dresses and hats, and the men in new headgear and lighter clothes, also bears evidence that the winter days are being left behind, while the fishermen are speculating on what the chances will be for landing the big ones this summer.

## United Church Notes

The twenty-second anniversary of the opening of St. Paul's United Church falls on April the first, this year. In view of the Easter season and the anniversary coming so near together it has been found wise in celebration for a few weeks. The arrangements will be announced as soon as the date and the special preacher are fixed upon. It will probably be toward the end of April or early in May.

The arrangements for the week leading up to Easter are for services each evening of the week except Monday. It is hoped that the ministers from the other Pass congregations will each take an evening. The Good Friday evening service will be taken by Mr. Bevan and will include a preparatory and reception service. Those considering becoming communicant members are earnestly asked to get in touch with the minister or some member of the session. The services for Easter Sunday will include the Sacrament of The Lord's Supper, to be observed at the close of the morning service.

In connection with the musical festival to be held in Blairmore, Mrs. Reese Burns, who will adjudicate the public speaking and expression, will give a series of recitals before returning to Edmonton. Mrs. Burns has no near competitor in the field of interpretation. She will appear in Coleman during the festival week under the auspices of the United Church.

## L.O.B.A. Will Hold Tea and Sale

The L.O.B.A. will hold a pantry sale, sale of work and tea in the K of P. hall on Saturday, March 31, from 3 p.m. to 6 p.m. Tea 25c. Everybody welcome. 80-2c

The ladies of the Minerva Chapter, Order of the Eastern Star, are holding a bridge party this evening in the Masonic hall, to which all Masons and their families are invited.

## 'Twas A Gory Battle

On Monday during the noon hour two men arrived from one of the neighboring towns, and without any preliminaries commenced to fight on the lot at the back of the new Bank of Commerce building.

The sanguinary combat lasted for about twenty minutes, and in the course of their battle in the mud and gravel, they became entangled in the clothes lines of Mrs. Price, on which was hanging clothes all nicely bleached in the bright sunlight. But the struggles of the fighting men were so intense that they did not stop to clear the clothes lines, with the result that a nice washing was as completely spoiled as the faces of the two pugilists. Mrs. Price as soon as she discovered the battle in progress, telephoned the police, but the men had decamped before the arrival of Chief Houghton, and inquiry failed to reveal their whereabouts to him.

## China Today

The service at the United church on Sunday morning will be of unique interest. The Rev. S. Ennis, who returned from missionary service in China last year, will give an address on "China from the Inside."

While general interest in Canada is less acute today, there are many who will be glad to hear first hand information. This announcement is being made rather late, but it is hoped that there will be a large congregation to hear Mr. Ennis, who is at present in charge of the United church at Cardston. Services at eleven o'clock. The public are cordially invited.

## Salvation Army

Thursday, 7.30, open air meeting.

Saturday, 6.30, open air meeting.

Sunday, 11 a.m., Holiness.

Special speaker on Sunday night in the person of Mr. Christie of Bellevue.

Young People's Meetings: Sunday at 11.15 a.m., 2.30 p.m. Lantern service every other Tuesday, next set of slides on the new testament on April 3. All are welcome.

Sunday was such a fine day that many took advantage to make auto trips to neighboring towns while others enjoyed the glories of the mountain trails by hiking.

## Fernie Agreement is Signed

The agreement between the Crow's Nest Pass Coal Co. Ltd. and the employees was finally signed on Monday last, W. R. Wilson signing for the Company and James Walsh, David Archibald, Wm. A. Harrison, Simon Weaver, Wm. Picton, H.A. Bryant and E. Baddeley, signing for the men.

Under the new agreement the day men receive an advance, the contract rates remaining the same. There are quite a lot of changes in connection with working conditions.

The life of the agreement is to be for either two or three years, the time to be decided by the men at a mass meeting on Sunday next.

The contracting parties are to be congratulated on bringing this affair to a final settlement before the expiration of the old agreement. The men down the Pass have still their troubles to fight over and adjust.—Fernie Free Press.

## St. Alban's Parish

The W.A. and J.W.A. had a very successful Sale of Work on Saturday last, the J.W.A. taking in the sum of \$16.05. This is a splendid start for the season's work. It will not be known what the senior organization cleared for a few days yet as there is still some money to come in. The very grateful thanks are due to the helpers and givers who helped to make the sale such a success.

The next meeting of the W.A. will be held on Thursday, March 29, instead of April 5, as the latter date falls in Holy Week.

Services Sunday next, March 25, 8.00 a.m. Holy Communion; 7.00 p.m. evening Vestry meeting at the close of the evening service.

J.W.A. meets on Friday in the parish hall at 8.30 p.m.

Lantern Slides on the Life of Christ in the parish hall on Friday evening at 8.00 o'clock. Collection for expenses.

Antrobus' Shoe Store reports that business this year so far shows a great improvement over previous years in which they have been in business. It is interesting to note that a steady policy of advertising both by newspaper and direct mail, combined with making the fitting of shoes a special study, has helped to develop their business, and they have many customers from towns other than Coleman.

## Coleman Local Centre for Toronto Conservatory Exams

Application forms are at hand now for the Toronto Conservatory Music Examinations and Coleman is a local centre for another year. The examinations will be held at the residence of Mr. W.J. Harris, who has many pupils on violin and piano throughout the Pass. Pupils will come from as far west as Michel and Natal and it is hoped that Coleman keeps the 100 per cent standard of last year.

## Slovak Society Dance On Easter Tuesday

In accordance with their annual custom, the I.K. Slovak Society will hold a big dance in the Italian hall, Coleman, on Tuesday, April 10, the music for which will be furnished by the well-known Altermatt orchestra. Dancing commences at 9 p.m., and the admission is \$1.25 a couple. This promises to be a very successful and enjoyable affair, and refreshments will be served. The public are very cordially invited to attend.

## Hydro Plant Takes over Load This Week

The power plant at Sentinel, which has carried most of the load on the high power transmission lines between Kimberley, Cranbrook and Hillcrest, which supplies all towns and plants in the Crow's Nest Pass, will be relieved of the load this week by the hydro plants at Elk and Bull River in B.C. taking over the load. During the winter, owing to low water and ice conditions, sufficient power cannot be generated by the hydro plant to provide the heavy volume of current required throughout the Pass and at the smelter and refining plant at Kimberley, therefore it is handled by the steam plant at Crow's Nest Lake, which is under the supervision of Superintendent Watson.

## Business is Good With Stores That Advertise

The store that always has good business, where it is a pleasure to deal, and which counts good will as an important asset, will in nine cases out of ten be a steady and consistent advertiser, for it realizes that persistent advertising and good store service combined with honest values wins the business in the face of competition every time.

In answer to the appeal of the Pincher Creek Board of Trade for the gazetting of the highway from Pincher Station to Waterton Lakes, the board has been advised by Mr. E.G. Cook, the district member, that no highways are to be gazetted this year, and that the estimates had not yet been passed.—Pincher Creek Echo.

A fool there was and he saved his socks, even as you and I; but he took them out of the old strong box when a salesman called with some wild cat stocks, and the fool was stripped of his shirt and socks, even as you and I.

## Notice to Advertisers

It is necessary that copy for changes of advertisements be in The Journal office on Tuesday afternoon, or at the latest on Wednesday morning, in order that the paper be published on time on Thursday morning.

## Bellevue Man Bags Big Cougar

Jack Joila Brings Down Big Animal Measuring Nine Feet on Turtle Mountain

Jack Joila, proprietor of the Bellevue Inn, is a proud man after bagging one of the largest cougars ever brought down in the Crow's Nest big game country. The cougar measured over nine feet from its nose to the tip of its tail and put up a stiff fight before it finally dropped in a heap in its tracks.

It had been known for weeks that the cougar was on Turtle Mountain but the deep snow made it impossible to get into its haunts. Friday last Joila determined to have a try for the monster. He had not gone far up the mountain when he sighted his quarry looking defiantly and wickedly at him. Joila let him have one shot. While this badly wounded the animal it did not prevent him from making an attempt to reach the hunter. As the big fellow came closer Joila gave him shot number two then number three for good measure. The third shot finished the cougar.

After securing help the animal was removed to the Frank station and there consigned to a taxidermist in Calgary. When it is mounted it will adorn the rotunda of the Bellevue Inn.—News Dispatch in Calgary Herald.

## Personal and Local

Mr. Evan Smith left on Friday morning last for Vancouver. He came to Coleman in October, and being a musician of considerable ability, he organized music classes and played for a number of dances. The band was desirous of him remaining here, but Mr. Smith decided to seek a wider field where he would have more scope for his musical talent.

G. Pattinson was a visitor to Lethbridge last Wednesday completing his round of visits to the chapters of the Royal Arch Masons, for which he is district superintendent. The grand chapter annual convocation is being held this week at Edmonton.

Mr. John Haddon, of Haddon & Miles Ltd., consulting engineers, Calgary, is here this week for the purpose of making appraisals on properties in the school district on which the adjustments are to be made for the purpose of school assessment, which include some of the mining properties and the power plant at Sentinel.

The sale of cars held at Coleman Garage Ltd. was attended by a number of prospective buyers from the district on Saturday last, and several sales were made. Some very good bargains were offered, and there are still some to be obtained, states Mr. A. Morrison, proprietor. This affords a very good opportunity to get a good car at a low price.

Two miners from Coal Creek mines were prosecuted during the week for failing to obey the lawful orders of the Overman and Fireboss, in not making their working place safe. One was fined \$5 and costs, the other \$7.50 and costs.—Fernie Free Press.

A census of the town has been undertaken in behalf of the Alberta hotel, which is desirous of obtaining a beer license if the population will permit Mr. Alex. Morency has been engaged as enumerator.—Blairmore Enterprise.

## Canadians Are Busy

During the years that have elapsed since the war, unemployment conditions in Great Britain have been the subject of much discussion, and in no country has greater attention been paid to them than in the United States. Scores of writers across the line have professed to see in the British situation, with its large army of the unemployed, the dole system, and the great strikes and general industrial upheaval and labor unrest, the beginning of the end for Great Britain in its world leadership in finance, manufacturing, shipping and commerce.

But the Old Land has weathered the many severe storms with remarkable success, has steadily increased employment, re-established its great industries on a peace-time basis, balanced its budget, and is paying off its huge national debt. Its position at home and abroad continues to improve from year to year.

Canada, too, had a hard struggle in the years immediately following the war, though nothing like what Great Britain experienced. Nevertheless, for a number of years business in Canada was depressed and there was a considerable volume of unemployment. At the same time business conditions in the United States were brisk, employment plentiful, production was proceeding at top speed, wages were high, and the whole world was paying financial tribute to it as an outcome of the war. As a result thousands of Canadians emigrated to the States, and throughout this Dominion some sharp contrasts were drawn between conditions here and to the south, always to the disadvantage of Canada.

Within the last year or two a marked change has taken place, and today there is more unemployment in the United States both in the aggregate and in proportion to population than there is in either Canada or Great Britain. In fact, the situation in the United States is becoming so serious as to call for most serious consideration by Congress and the various State Governments.

The Department of Labor at Washington estimates there are four million people out of work at present, and the Industrial Commissioner of New York State is officially stated to be the worst since 1921, while Senator Copeland declares there are more people out of work in New York City than at any time since 1914.

Contrasting the United States with Great Britain, it is seen that New York State alone has half as many unemployed as the United Kingdom despite the fact that the latter has four times the population. Or taking the whole United States with two and one-half times the population of the United Kingdom, it is seen there is four times the number of unemployed in the States than there are in Great Britain.

While unemployment has been increasing in the United States in recent years until it has now reached a point where the National City Bank of New York reports 500,000 out of work in that State alone. Conditions of employment in New York State are officially stated to be the worst since 1921, while Senator Copeland declares there are more people out of work in New York City than at any time since 1914.

This year are still higher than for the corresponding month a year ago. Prospects for a continuance of this satisfactory condition are of the brightest.

It seems to make no difference what branch of Canadian activity is analysed, general improvement is to be noted. The trade of the Dominion is expanding year by year, and in this connection the gratifying fact is noted that the increase in imports is largely accounted for by commodities not indigenous to Canada and were imported for use in Canadian industry. In building construction the value of contracts awarded has risen from \$276,000,000 in 1924 to \$298,000,000 in 1925, to \$372,000,000 in 1926, and to \$419,000,000 in 1927.

The steel industry, which has suffered in recent years, reports a 45 per cent. increase in production for January this year as compared with a year ago. Car loadings on the railways were 22,000 greater than a year ago. Jan. clearings for the same month increased by \$425,000,000 over January, 1927. The total volume of Canadian business for January this year was the highest for any January in the history of the country. Employment for January was 96.5 and for February 100.8 as compared with the basic figure of 100 set for the year 1920, when employment figures were first tabulated in this country, and after the after-the-war depression set in.

Yes, Canada is busy and promises to become increasingly so throughout 1928.

## Seeking Trade With Canada

Chance For More Business, Being Investigated By Belgium

According to a despatch from Brussels, a Belgian consular agent has been sent to explore the possibilities for increased trade with Canada. Interesting prospects for commerce with Canada were opening up, it was stated. Canada imported from Belgium to the extent of \$10,132,879 in the past year and exported to that country to the value of \$18,669,001.

The aspen is the name of a tree that is often preceded by the adjective "trembling."

## Trouble Over Russian Gold

Bank Of France Endeavors To Secure Gold Shipped To New York

By Soviets. Twenty crimson cases containing \$5,201,000 in Russian gold were involved in a complicated legal mess with ownership at issue. Suit was filed by the Bank of France in the federal court in New York to recover the gold bars which are now held by the Equitable Trust Co., and the Chase National Bank. It was based on the assertion that the metal was stolen from the vaults of the state bank of the Russian Empire after the Bolshevik revolution.

The legal aspect was complicated by the fact that United States courts have ruled that the Soviet can neither sue nor be sued since it is not recognized by the United States as being legally an entity. The gold was sent to New York from Russia last month to facilitate handling of trading between America and Russia. When it was presented for assay, the treasury department refused to receive it unless the two New York banks would guarantee title to it.

Area Of Canadian Rockies The Canadian Rockies cover an area greater than that of France, Belgium and Switzerland combined.

## A Busy Season Ahead

Work For Thousands Of Men On Railway Building In Western Canada

Work for thousands of men in Western Canada and payrolls running into millions of dollars are indicated by the western building and expansion programme of the Canadian Pacific Railway for the 1928 season, according to D. C. Coleman, vice-president of Western Lines. Tenders are already out for some of the work, including new stations and sheds, shops, coaling plants and new rail construction.

## SAME SYMPTOMS IN MANY CASES

An Anaemic Condition Easily Recognized — Calls For a Blood Builder

In most cases of anemia the symptoms are almost the same. The sufferer grows pale and is easily tired after the least exertion. The appetite is feeble and the patient loses in weight. Sometimes there are headaches, and often inability to sleep well. As the blood becomes thinner the symptoms become more pronounced and often there are fainting spells. All this shows that the blood is thin and watery, and at the very first symptom of this condition the patient should take Dr. Williams' Pink Pills, the most reliable blood-builder and nerve tonic known. The sole mission of this medicine is to enrich the blood, and when that is done all the distressing symptoms disappear. Among those who have reason to praise this medicine is Mrs. M. K. Patterson, Shanlin, N.B., who says: "About four years ago I became very much run down, I could not eat, sleep nor rest, and I was so nervous that the smallest things so weak that I did not have strength to move about without help. I was just a miserable wreck, and became very much discouraged. I tried many medicines which failed to help me. In this wretched state a friend urged me to try Dr. Williams' Pink Pills. I did so and before long found they were helping me. Gladly I continued taking the pills until I fully regained my health and strength and I have since continued in the best of health. Later my daughter became anaemic and six boxes of the pills restored her to health, strength and color. Naturally I consider Dr. Williams' Pink Pills a blessing to weak, run-down people. You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont."

Within a week after thirteen clubmen of London, England, had died of pneumonia by dining together, four had died and three were seriously ill with pneumonia.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found useful. By their use, strengthening the infantile stomach and maintaining it in vigorous operation, so that, besides being an effective vermifuge, they are tonic and health-giving in their effects.

## High Price For Canadian Cattle

At a sale of Shorthorn pure bred cattle held in Chicago last month, the Canadian offerings brought the highest prices, one young male bringing \$1,800 and another \$1,375. The average price for 110 head sold was \$300.

Don't be a human bass drum—a lot of noise and nothing inside.

If you want to flatter a man tell him he is working too hard.

## PAINS ALL OVER BODY

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N.S.—"I had terrible feelings, headaches, back and side aches, pains all over my body. I would have to go to bed every night and nothing would do me good. My husband and my father did my work for me as I have two children and we have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail, and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around more. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well."—Mrs. VICTOR RICHARDSON, Barrington, Nova Scotia.

## Dull Pains in Back

St. Thomas, Ont.—"I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pains in the small of my back and in the thighs from which I suffered for five years after my boy was born. After taking the Vegetable Compound and Lydia E. Pinkham's Sensitive Wash I am feeling better than I have for the past seven years, and advise my friends to take it."—Mrs. F. JOHNSON, 40 Moore Street, St. Thomas, Ont. 6

## Pool As Stabilizing Agency

Does Not Attempt To Unduly Boost Prices, Says President McPhail

That the farmers' co-operative wheat pool has developed rapidly in the four years of its operation is the decided opinion of A. J. McPhail, president of the pool. Mr. McPhail, who addressed the Canadian Club at Toronto on the pool, said in an interview that last year 200 million bushels of wheat went into the pool. The farmer, he said, gets a price higher for his grain than ever before. "In 1923 the farmer got one dollar a bushel for his wheat; in 1924, the first year of the pool, he was paid \$1.60."

Addressing the Canadian Club, Mr. McPhail declared that the aim of the western Canada wheat pool is not to boost unduly the price of grain but to bring it to a level in conformity with that of other essential products. "I know there is a feeling in some quarters," Mr. McPhail said, "particularly on the other side of the water, that the farmers of Western Canada and the wheat farmers of the world have in mind the creating of a monopoly for the purpose of getting a monopoly of the exportable surplus of wheat and using that monopoly to unduly raise the price level of wheat. The main objective of the pool, from the financial standpoint, is that we may if possible establish the price of wheat at a level that will compare favorably with the price level of other commodities. I know you will agree that it is a fair objective and if we are able to reach that, or even approach it, we will have taken the greatest step ever taken to stabilize the industry of agriculture."

The pools were doing a business of approximately \$1,000,000 a day turnover for each working day of the year, he said.

## Offer Made For Alberta Railway

New Joint C.P.R. and C.N.R. Offer For E.D. and B.C. Railway

A new joint Canadian Pacific-Canadian National offer for the Alberta-owned E.D. and B.C. railway, which represents an improvement of approximately \$1,700,000 over the railway's former bid was announced in the Alberta legislature.

Under the new offer the two transcontinental lines agree to pay interest on the full amount of \$8,000,000 agreed to be paid for capital stock and properties as shown on January 1, 1926.

The original offer provided for payment of a total of \$17,420,000 and this figure continues as the basis for the offer. However, the previous offer specified that interest payments would start only July 1, 1930, when interest was to be paid increasing by one million dollars each year for ten years.

The new offer for the Alberta railways was received in a lengthy joint telegram from Sir Henry Thornton and President Beatty, under date of March 10.

The original joint offer called for the assumption by the transcontinental lines of liabilities for \$7,900,000 of debenture stock and \$2,420,000 of outstanding bonds of the E.D. and B.C. lines or a total of \$10,320,000. In addition it was agreed to pay \$8,000,000 in ten years for the assets and physical properties of the lines. This made the original joint offer total \$17,420,000.

The railway department of the province fixes the physical valuation of the E.D. and B.C. lines at approximately \$19,000,000.

## May Buy Canadian Horses

Trade Could Be Developed With Egypt Says Askar Bey

That horses bred on the Canadian prairies were the type suitable for Egypt was the opinion expressed by Askar Bey in his recent audience with the King of Egypt. While in Canada as Egyptian delegate to the World's Poultry Congress, Askar Bey was particularly interested in the horse shipments then being made to Russia, and thought a similar trade could be developed with his own country and Canada. At the present time Egypt makes her horse purchases in South America.

## Safeguarding Emigrants

A decree issued by the Polish-Lithuanian Ministry working in co-operation with the Foreign Office, forbids the emigration of persons having no assured work or means of sustenance in the countries to which they emigrate, or whose means of income may be jeopardized in the new land. The restrictions will not affect Poles emigrating to countries where their families are awaiting them, while provision is made for other special cases which may arise.

Bass wood is used almost exclusively for making containers for food.

**OGDEN'S CUT PLUG**  
Soothing—yet a man's smoke  
COOL AND FRAGRANT

## Viewed His Heart Beats

Farmer Watched Surgeon While Operation Was Performed

L. H. Nobles, a California farmer, who watched the reflection of his heart beats in a mirror while a physician performed a delicate operation on that organ, is dead. He had been expected to recover.

The operation was performed for removal of pus sacs that formed around the heart after a severe attack of influenza. A section of three ribs was removed in the operation. Local anaesthetics were used and Nobles talked with the doctor while he worked.

## Will Build Many Elevators

The Western Wheat Pool is receiving tenders for the erection of 30 country elevators at various points in the province.

Some people save their sympathy until a man is dead and then make his grave sloppy with their tears.

**Demand**

**ASPIRIN**

The whole world knows Aspirin as an effective antidote for pain. But it's just as important to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it isn't! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade name registered in Canada for Bayer's Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitations, the tablets will be stamped with Bayer's "Bayer Cross" trademark.

## BIG INCREASE IN CANADIAN TRADE FOR FEBRUARY

Ottawa.—The grand total of Canadian trade for the month of February was \$176,319,251, an increase of \$21,809,567 over the corresponding month last year, and an increase of \$12,385,091 over the month of January this year. The figures are: January, 1928, \$163,934,091; February, 1928, \$176,319,251; February, 1927, \$154,929,694. Canada's imports last month totalled \$85,932,397, an increase of \$11,225,745 over exports (including foreign exports) \$90,386,854, an increase of \$10,583,814 over February a year ago. Excess of exports over imports for the month, exclusive of foreign exports amounted to \$2,632,796.

## Canada's Break With Russia

### Reasons Given In House For Termination of Trade Agreement

Ottawa.—Canada broke off official trade relations with the Soviet Government in May, 1927, as a result of a conviction in the minds of the Canadian Government that the Soviets had not fulfilled their promise to return to the British Empire. This is disclosed in the documents tabled in the Commons dealing with the quarrel between Great Britain and Russia which resulted in the termination of the trade agreement.

The documents bring out the fact that the British Government drew attention to the fact that the terms of the Russian agreement of 1922 in relation to the United Kingdom would not necessarily terminate the operation of the agreement as between Russia and Canada. But it was suggested by Mr. Amery that uniformity of action by the various members of the commonwealth concerned would present great advantage.

## Find Body of Murdered Man

### Charred Bones of Victim Discovered On Trail Island

Vancouver, B.C.—Bones of a man who had apparently been stung by a blow on the back of the neck and then killed, and the remains burned in a cleverly concealed manner, have been found on the south-east corner of Trail Island, about 30 miles north of Vancouver, it has been reported to provincial police.

The district is popular with summer campers. Indications were that the crime was committed within recent years.

A deep hole between boulders had been selected just above high water mark for the burning. A concealed spot that could not be seen by campers on the mainland. The case is being investigated.

## Where Women Cannot Vote

### Defeat Effort to Give Married Women Right to Vote in Municipal Elections

Quebec.—A final effort to give married women separate as to property the municipal vote in Montreal was defeated in the Quebec legislative council on third reading of the Montreal bill, the vote being 12 to 9. Hon. J. L. Perron, minister of roads and Government leader in the Upper House, remarked in the course of the debate that there are not 15 women in the province of Quebec who favor feminine suffrage.

## Bandit Robs Prince Albert Bank

Prince Albert, Sask.—A lone gunman entered the local branch of the Bank of Montreal at 12:40 p.m. today, locked the teller and ledger-keeper in the vault and escaped with an undetermined amount of currency. The junior clerk, entering the institution on his return from lunch interrupted the bandit who was looting the till. The man hurriedly left the building when the junior clerk gave the alarm.

## Communist Propaganda

Ottawa.—Hon. C. P. Beaulieu gave notice in the Senate that he would enquire of the government on March 20 if they were aware of the communist propaganda that has been carried on throughout the country, and if so what measures were being taken to counteract the same.

W. N. U. 177

## California Disaster

### Death Toll Placed at 264 in Territory Laid Waste by Flood

San Francisco, Cal.—Rehabilitation work is under way in San Francisco Canyon and the Santa Clara Valley, which were laid waste by the breaking of St. Francis dam with a known death toll of 264.

While searching parties continued to bring in additional bodies recovered from the silt and slime left in the wake of the flood, telephone and telegraph repair gangs, steam shovels and dredging crews took to the field in the first steps to restore the stricken area to its former beauty and industry.

Meanwhile a committee was organizing here to formulate a general rehabilitation programme. Speakers charged that the city of Los Angeles which built the dam as part of its water system, was responsible for the disaster.

The toll in life and property, estimated from official figures and the surveys of careful observers, stood as follows:

264 lives lost.  
St. Francis dam demolished.  
Los Angeles municipal power house below dam demolished.

500 homes destroyed or greatly damaged.

20 miles of citrus orchard laid waste.

10 important bridges destroyed.

State and county highways washed out at many points.

Telegraph and telephone lines disrupted over an area connecting half a dozen towns and a dozen smaller communities.

1,500 persons virtually homeless and many of these, temporarily at least, destitute.

Livestock killed and drowned, unestimated toll.

The aggregate property loss cannot be determined at present.

Officials declared that it would require weeks to fix the figures which might be found anywhere between \$7,000,000 and \$30,000,000.

Believes In Northern Route

### Capt. Bernier Has Great Faith in Future of H. B. Railway

Ottawa.—Captain J. E. Bernier, famed Canadian navigator and Arctic explorer, believes an unprecedented period of prosperity will be Canada's fortune once the Hudson's Bay Railway is opened, thereby providing an economic outlet to the Atlantic.

He expressed himself thus when he arrived in the capital.

Captain Bernier said that with the opening of the new route great shipments of cattle and grain would be facilitated in their voyage to Europe, and that Canada would then compete more capably with the United States in the trading world. He said, however, that the ships used for this purpose would have to be built with sufficient strength to withstand ice pressures and that their masters would require a full and accurate knowledge of existing conditions, supplemented with weather reports from coast stations.

Butter From Antipodes

### Ottawa.—Between April 1, 1927, and January, 1928, 33,872 pounds of butter entered Canada for consumption, according to an answer given in the House of Commons.

It was also stated that 4,900,000 pounds of butter entered Canada from New Zealand during the calendar year 1927, and 895,000 pounds of mutton entered Canada from Australia during the same period.

Bill Given Third Reading

### Winnipeg.—The Manitoba Old Age Pensions bill has passed its third reading in the legislature. A sum of \$500,000 will be required to finance the measure during the first year, and this will be raised by means of a property tax. The bill will be effective only after proclamation by the lieutenant-governor, and probably will not become operative until late in the summer.

Beer by the Glass

### Winnipeg.—A little more than twelve years ago the old saloon bar, with its familiar brass foot-rail, was discarded in Manitoba. Today beer is served with fine furnishings and regal appearance appear in Winnipeg, and a "rushing" business was reported from a score of hotels which started serving beer by the glass under the newly adopted liquor control legislation.

Cost of Fishing Probe

### Ottawa.—The total cost of the Royal Fisheries commission established to investigate the problems of the fishermen on the Atlantic coast amounted to \$51,845.56 up to January 31, 1928. This was divided between \$28,220.11 for fees and \$23,625.45 expenses.

## MAIN BUDGET MOTION ADOPTED BY 24 MAJORITY

Ottawa.—By a majority of 24, the House adopted the main budget motion. The vote was: For, 116; Against, 92; majority for, 24.

The majority consisted of Liberals, Liberal-Progressives and the Independents sitting on the government side.

From the left of the speaker, H. Jelliff (U.P.A., Lethbridge) was the only member to vote for the budget.

Conservatives, other members of the U.P.A.-Progressive group and labor members voted against the budget.

There were loud cheers from both sides of the House as the result was announced. Speaker Lemieux left the chair and the House resumed into committee on ways and means to consider the budget resolution one by one.

In committee were brief. There was a reporting of technical progress and the House proceeded to other business.

The House met in expected mood. The intervention of Henri Bourassa with its sudden termination of the vote on the main budget motion had left members wondering what the day would bring forth.

Immediately the main motion was submitted Mr. Bourassa rose to speak. But he had said only a few words when Hon. R. B. Bennett, conservative leader, was on his feet with the objection that Mr. Bourassa had already spoken and was not entitled to speak again.

There was some discussion pro and con and the speaker ruled against Mr. Bennett. The speaker held that members with the exception of Mr. Cahan had not spoken on the main motion, and were therefore entitled to speak.

Mr. Bennett appealed the ruling, which was sustained by a majority of 41.

Liberals, with the exception of six French-speaking members from Quebec, voted for the ruling as did the Liberal-Progressives, Progressives, U.P.A. and labor members.

With them also voted C. H. Cahan, Conservative of St. Lawrence-St. George. All other Conservatives voted against.

When the result was announced, Mr. Bourassa rose to continue his speech. He was interrupted by booing from the Conservative side.

As he endeavored to continue there was a sort of catcall from the opposition lobby.

"Order, order," called the Speaker. "I will ask the sergeant-at-arms to exercise the rights of the House," he said.

The sergeant-at-arms went into the lobby. The noise ceased and Mr. Bourassa proceeded.

Destroyers For Canada

### Ottawa.—The destroyers Champlain and Vancouver, which are being transferred from Great Britain to the Canadian naval service, will sail shortly from Portsmouth. After stopping at various ports en route, the Vancouver will reach Esquimaux on June 3 and the Champlain will arrive at Halifax, May 17.

B.C. Legislature Prorogued

### Victoria, B.C.—The British Columbia legislature prorogued March 14th with customary ceremonies.

Banff Carnival Triumphs

### U.P.A. and Labor members

After one of the most successful Banff Carnivals on record proceedings came to a close on Saturday, February 11, with the presentation of Miss Kate Harrison, of Vancouver, B.C., as the new queen. Miss Harrison will hold office until the close of next year's carnival. One of the most picturesque happenings of the eight days festivities was the receiving of a band of Stoney Mountain Indians by the retiring queen, Miss Emily Masop, of Calgary, who received a tremendous ovation as she vacated her throne of office.

Visitors from all over the United States and Canada attended and viewed

with each other in every variety of winter sports. The Winnipeg Skating Club covered itself with glory when it annexed the Elkhead, emblematic of the championship while that well known musher, Ike Mills, added further to its laurels by winning the Quebec Derby and the Strongest Man in Banff in remarkable time. He finished the last 39 miles in the astounding time of two hours and forty minutes.

Hinkler Receives Cheque

### Sydney, N.S.W.—On his arrival at Canberra, Bert Hinkler, Australia's new hero-flier, was welcomed by the Commonwealth government and presented with a cheque for 2,000 pounds sterling by Premier Bruce in recognition of his feat in flying from England to Australia in fifteen days.

W. C. Minister Passes

### B. C. Minister Passes

Hon. William Sloan, British Columbia's Minister of Mines, and former Provincial Secretary, who died recently at Victoria.

Chosen Conservative Leader

### Dr. J. T. M. Anderson Selected as Leader of Conservative Party in Saskatchewan

Saskatoon.—Dr. J. T. M. Anderson, member of the Saskatchewan Legislature for Saskatoon City, was selected by three hundred delegates at the Conservative convention here as the provincial leader of the party.

When the moment came for receiving nominations the following names were submitted to the delegates: M. A. MacPherson, K.C., M.L.A., Regina; Dr. J. T. M. Anderson, M.L.A., Saskatoon; Howard McConnell, M.L.A., Saskatoon; J. A. Haegerman, Unity, and J. F. Dieffenbaker, Prince Albert.

Under the procedure decided upon, a special committee consisting of George Bennett, Wolesey; R. E. Alexander, Gull Lake, and W. Ramsey, Bladworth, immediately met the nominees to ascertain whether or not they would accept nomination.

The report, brought back by this committee stated that it was the unanimous decision of the candidates that Dr. Anderson should be selected and consequently the others withdrew their names from nomination.

For Union With Canada

### Senator Would Welcome Newfoundland as a Province of this Dominion

Ottawa.—A favorable attitude by Canada towards any proposal which Newfoundland might make to join the Dominion is advocated by Senator C. E. Tanner, Halifax. Senator Tanner has given notice of a motion for discussion in the Senate advocating:

"That in the opinion of this House, if proposal should be made on behalf of the people of Newfoundland for union with the Dominion of Canada, the people of Canada would view such proposal with favor, and would welcome Newfoundland as a province of this Dominion."

## The New Coal Rate

Alberta generally and the coal mining districts in particular have reason to feel gratified at the decision of the Federal government to permit of Alberta coal being moved to Ontario at a cost of \$6.75 per ton. The agreement will cover a three year period, and the coal is to be moved during the off-peak season, so that no interference will be occasioned with the great annual grain movement from the western prairies.

It will help to mitigate many of the labor troubles in the coal mining districts, for with steadier employment workers will be more contented. When men are working for only two thirds of a year, it naturally follows that the most stringent economy must be practiced if they are to pay their way and enable their children to be educated. Partial employment of the men in the coal industry has been the general experience for some years past, owing to the supply having exceeded the demand. This condition has been accentuated by the imports of vast quantities of American coal, and it has been a long fight on the part of Alberta coal men and Boards of Trade of the province to combat this condition which has taken millions of dollars from Canadian channels of trade and commerce. But it has at last met with success, and it is hoped that every effort will be made to serve Ontario with a product which will clearly demonstrate that it pays to buy Alberta coal.

The steam coal areas may not benefit to the extent that the domestic coal producers will, but nevertheless the coal industry as a whole will benefit, and it is bound to reflect some benefit on the steam coal mining industry. The mining of steam coal calls for the investment of huge sums of money, and the employment of skilled men, consequently the days of the small operator mining coal from what are commonly termed gopher holes are a thing of the past, and the companies which have expended hundreds of thousands of dollars in development work and equipment will have a better chance to earn some interest on their capital, and the men engaged in working the mines will be assured of steadier employment.

## Proposal to Widen Scope of Assessment

In regard to municipal assessment, though no definite policy has been decided on as to the inclusion of populated areas contiguous to the townsites which at present are not assessed for town purposes, the proposal is under consideration whereby the people living in those areas will be assessed so that they will pay a proportion of the cost of local municipal services.

The town proper, it is reported, has a population of nearly 2100, while the annexes, such as East Coleman, Graftonville, and Carbondale would account for approximately another thousand souls, making a total population in excess of 3,000. That this number is approximately correct may be judged from the number of pupils attending the schools, their total approaching 700.

As this town is now recognized as being firmly established as an important coal mining centre, with coal deposits that will ensure an output far beyond the life of the present generation, it is safe to assume that it has passed the experimental stage, so that those in authority would have good reason to plan for permanent improvements in the way of utilities and public service.

When the total revenue of the town from taxation is taken into consideration, the money has been spent in such a manner as to provide a minimum of value, but further progress is prevented because the revenue will not permit of any heavy outlay for permanent improvements. Therefore the council has to cast its eye around to find by what means the assessment can be augmented. The viewpoint is taken that those living in the areas not incorporated in the town limits, receive some benefits from the money spent on public improvements, and therefore should contribute towards the revenue of the town at large. The Journal learns from an authoritative source that the widening of the town's present area to include further territory and property for municipal taxation will be a subject to be considered at an early date.

With a population of around 3,000, Coleman undoubtedly requires increased revenue if it is to make provision for its population in the way of utilities and public service generally. All enterprising business men and citizens are desirous of progress, for every ratepayer and resident shares in the benefits that may accrue, besides which there is an increase of civic pride in the hearts of everyone if they live in a town of which they are proud and which they feel need take second place to none of similar size.

As against this proposal there are reasons put forth by others that it would be poor business to include a wider area for municipal taxation, for it would entail an added burden on the ratepayers instead of helping to retain taxes at their present level. East Coleman is pointed out as a

district which would probably cost the town far more money under local municipal administration than it does under its present status, therefore any proposal to include it in the corporate limits of the town would be strongly objected to by a section of the ratepayers.

## Millions in Advertising

National advertisers spent \$225,000,000 for newspaper advertising in 1927, the bureau of advertising of the American Newspaper Publishers' Association announced yesterday.

Estimates showed that 558 companies had expended \$122,500,000, of which the greatest sum, \$38,505,000 was spent by 57 automobile concerns. Eighty two food advertisers spent \$24,045,000 and 14 tobacco companies spent \$15,260,000.

Bill says: "A fool and his foot are soon in it."

## Here and There

(32) Work on the Royal York, new hotel of the Canadian Pacific Railway in Toronto, is ten days ahead of schedule and there is now every probability that it will be completed by May 1, next year. It will tower 395 feet above the sidewalk, being the tallest building in the British Empire.

A. Allerton has been appointed general manager of hotels and bungalow camps east of Fort William, operated by the Canadian Pacific Railway; and H. F. Mathews, general manager of hotels and bungalow camps from Fort William to the Pacific. The appointments were consequent on the death of C. E. H. Usher, late general passenger traffic manager of the railway.

Palle Huld, 15-year-old Danish boy, who is travelling round the world in 46 days, passed through Montreal and the east of Canada recently on his way to Vancouver, whence he will sail by Canadian Pacific All-Red route to Yokohama. The exploit is in commemoration of the hundredth anniversary of the birth of Jules Verne, whose book "Round the World in 80 Days" was always been a favorite with boys.

Fort William—Elevator capacity at Fort William will probably total 100,000,000 bushels by 1930. Present storage capacity of the twin basins is recorded as 72,540,000 bushels and between 5,000,000 and 10,000,000 bushels will be added before the 1928 crop is garnered. Expansion in the following two years will take about 20,000,000 bushels, one of the largest terminal building projects in the history of the lake-head ports or any of the other centres of the continent.

Winnipeg.—So many applications have been received from farmers in Manitoba to ensure the services of youths who are being sent out from Great Britain under the Boy Immigration scheme, that the Provincial Government has requested the authorities to increase the number from 50 to 100. Hon. Albert Prefontaine, Minister of Agriculture, stated that 175 farmers have filed applications for boy help. It is expected that the first batch of youthful immigrants will reach Manitoba late in March.

Substantial reductions in express charges on packages up to 15 lbs. in weight originating in Europe and with Canadian destination have been announced by the Canadian Pacific and Canadian National Express companies. These cuts run as high as \$1.77 and for the purpose of the change Canada has been divided into three zones, Maritime Provinces and Quebec; Ontario; and Prairie Provinces and British Columbia. Within these zones charges are the same no matter how widely separated points within them may be.

Wetaskiwin.—Wetaskiwin district has the distinction of being the home of a Shorthorn cow which holds the record for all Canada in the production of milk and butterfat as a three-year-old. She is owned by J. O. Harvey in the northern part of the city, and a letter from Ottawa advises that the production of this cow has never been equaled in Canada. Gladys No. 200899 produced 10,504 lbs. of milk and 508 lbs. of butter fat in a test extending over 305 days. She is now undergoing her test as a four-year-old and is averaging about 44 lbs. of milk a day.

## THE NEW CHEVROLET

That the interest aroused in the New Chevrolet has been well merited is indicated by these first photographs of this latest addition to the light car field. The smart sport cabriolet, with its folding seat and disc wheels, is shown in the upper right-hand photograph. In the center is the sturdy Chevrolet one-ton truck chassis, while at the lower right is the coach model, the body of which is five inches longer than formerly. Insets are: upper left, the massive new radiator and heavy full crown fenders; right, the powerful and clean-cut of the new line, with two-spoke exhaust and complete enclosure; lower left, a view of one of the four-wheel brakes. The New Chevrolts, which are to be reduced in price, are to be available at once. They are longer and roomier than previous models.

## The Canadian Pacific's Big Five

1-Map showing the five cities where the trains will leave and arrive.  
2-Bridge, the converging point of the quintette train operated by the Canadian Pacific Railway.

When the Big Five, the quintette of trains de luxe to be operated by the Canadian Pacific Railway on express schedules from the east of Canada and from Chicago this coming summer to the coast, make their initial run, the dramatic spectacle will be presented daily of five great trains flying across the Dominion and all converging on the wonder district of the American continent, the Canadian Rockies, where snow-capped mountain peaks and beautiful valleys and lakes vie with another in attracting visitors from all parts of the United States and the rest of the world.

The key train of the quintette will be the "Trans-Canada" which with two others "The Imperial" and "The Toronto-Vancouver" ex-

press will have their runs entirely in Canadian territory. The balance of the five, "The Mountaineer" and "The Soo-Pacific" will leave from Chicago for the Canadian Rockies and the Pacific coast and will consequently run partly through the United States. The "Trans-Canada" and the "Mountaineer" are all sleeping car trains.

The "Trans-Canada" with a reputation throughout the world covers the 2385 miles between Montreal and Vancouver in 29 hours and 18 minutes. As part of its equipment it carries an open observation car between Calgary and Kamloops. This train starts on May 13. The "Imperial" and the "Toronto-Vancouver" express operating from the coast to Montreal and Toronto

respectively are both year round trains except for modified schedule. Finally, there will be "The Mountaineer" and "The Soo-Pacific" running out of Chicago for Vancouver, B.C. The former will start its daily run to Vancouver on June 11 and the train will commence operation from the coast to Chicago on June 16. In this train ten hours will be cut of last years figures the journey taking 73 hours as against 83 hours and fifteen minutes last year. The "Soo-Pacific" will leave Chicago on June 23 until August 30, and from July 2 until August 30 in the opposite direction. Both the latter two trains consist of all sleeping cars.

## Personal and Local

This is the time to commence on the clean-up paint-up campaign. Mrs. J. L. Lonsbury entertained a few friends at bridge last evening.

Enterprise and energy are necessary to success. Only by constant endeavor can one ascend the ladder that leads to better things.

The swimming pool dance held last evening in the K. of P. hall was attended by quite a large number and among the visitors was ex-mayor Rosenberry, of Pincher Creek.

Vince Kratnickie, aged 22 years, was this morning arrested by Chief Houghton at the Coleman hotel and charged with creating a disturbance in a public place. He will appear before Magistrate Gresham.

Jean Pattinson will represent Coleman high school in the oratorical contest at Pincher Creek to determine the winner of the district including high schools from Coleman to Macleod.

A very enjoyable social evening was spent in the Moore hall on Monday under the auspices of the W. O. M. L., Chapter 919. The following contributed to the musical part of the program: Mrs. Johnson, A. McCulloch, J. Janostak, and the Misses Knowles. Brown and Janostak, after which lunch was served, followed by dancing.

A car accident occurred last evening a short distance east of Coleman when a Pontiac sedan driven by Bob Davidson of Coleman collided with a Chevrolet driven by W. McVey of Blairmore. The cars hit each other sideways, and went into the ditch. Both were badly damaged, the Pontiac having two broken wheels, fender and running board broken, and similar damage to the Chevrolet. Nobody was hurt, beyond a severe shaking up.

Joe Spievak spent Monday in town visiting his old friends. He came down from Corbin, where he is now employed, on skis as far as McGillivray station, a distance of 14 miles, as there is so much snow that he found this the easiest way to travel. He likes it fine at Corbin, but says he goes to bed early there because there is no other place to go to. No danger of becoming run down through leading a fast life, apparently!

## New Home For Canada's Oldest University

Cut Shows Assembly of King's College Buildings. Inset: His Excellency, Viscount Willingdon, Governor General of Canada.

After 137 years of higher educational work in Nova Scotia, King's College, Canada's oldest university, is to have a new home. The above drawing shows the proposed building, which will resemble in character Oxford University, to be built as soon as the present campaign has attained its desired objective. King's University stands as the only real monument in Nova Scotia to the United Empire Loyalist pioneers. In 1789 the U. E. L. who had come to the Dominion from New York planted an "acorn" in the establishment at Windsor, Nova Scotia, of King's College. Full University powers were granted in 1802 by Royal Charter, which was the first one received outside of the British Isles. From a dream in the

souls of those pioneer Loyalists King's has reached a recognized and honored place in the Dominion. Many famous Canadians have been Kingmen. Sir James Cockran, Sir Frederick Borden, Judge Thomas Chandler Haliburton (Sam Slick), Basil King, Rev. H. A. Cody, and Canon Allan P. Shafford, are a few of King's products.

In 1923 King's took the first step towards a confederation of Maritime Colleges; the College was removed to Halifax and became associated with Dalhousie University. A year ago King's launched a campaign for \$500,000, having received a promise from the Carnegie Corporation of \$400,000 conditional upon the raising of the first amount. Up to date the total pledged in the

Maritime Provinces, Ontario, Quebec and England is \$340,000, and only \$100,000 more is needed. His Excellency, Viscount Willingdon, Governor-General of Canada, has accepted the office of Patron of the Rebuilding and Endowment Fund.

## WORLD HAPPENINGS BRIEFLY TOLD

The London Daily Mirror says that John L. Baird, inventor of television, intends to test his apparatus by transmitting to an aeroplane in the near future.

The Turkish Government announces that it has accepted the League of Nations invitation to participate in the preparatory conference for the limitation of armaments.

Several vernacular papers appear to believe there is some truth in a report that Japan is negotiating with the Soviet for concessions in Siberia and the exploitation of the resources of North Manchuria.

Twelve Bristol aeroplanes, bought in Great Britain for use by the Mexican air force, have arrived at Vera Cruz. Two other planes were sent on approval and, if satisfactory, more will be ordered.

The Saskatchewan Pool announces that up to date the board has decided to acquire elevators 49 and has tenders for the construction of 47 of these elevators were accepted recently by the executive.

Miss Mercedes Gleitz, London typist, abandoned her third attempt to swim the Straits of Gibraltar in a while a mile and a quarter of the African coast. The rough sea and unfavorable currents were blamed for her failure.

Alexis I. Rykoff, president of the council of commissaires reports that all difficulties in purchasing grain for Russian towns have been surmounted and that the government expected to purchase 4,000,000 tons before the first quarter of the year had ended.

The first university course in aeronautical engineering in Canada has been inaugurated at the University of Toronto by the faculty of applied science and engineering and has been given the approval of the board of governors and the senate of the university.

The federal government is not exempt from the Workmen's Compensation Act, and neither are any of its ministers. It was ruled in a Quebec court, when Ernest Roux successfully sued the deputy minister of marine and fisheries for injuries sustained while at work on board the government steamer Montcalm.

**It Will Prevent Ulcerated Throat.**—At the first symptoms of sore throat, which presages ulceration, inflammation, take a spoonful of Dr. Thomas' Electric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who use it are personally subject to quinsy have thus made themselves immune to attack.

**Good Yields In Irrigated District.**—An average of 33.7 bushels of wheat per acre was produced on lands in the Letbridge (Alberta) Northern Irrigation District in 1927; the total being 1,997,736 bushels on 60,161 acres. The total value of all production in the district, including grain, fodder crops, dairying and poultry, is \$2,968,296, as compared with \$1,928,000 in 1926. The increase in production in three years has been over 500 per cent.

Jones—"So your son's studying journalism—writing for money?"  
Father—"Yes, I got a letter from him yesterday."

### Are You Nervous? Sleepless?

St. Catharines, Ont., "I was in such a nervous and rundown state of health that I could hardly get around to my work. I could not sleep and the least noise or excitement would completely upset me and throw me into a nervous spasm. I was told to take Dr. Pierce's Favorite Prescription and I was soon well and strong and have never had another spell of nervousness since."

"I always keep a bottle of Dr. Pierce's Pleasant Pellets in my medicine chest; they are the only medicine I have ever taken that would regulate the liver and relieve constipation without causing distress."—Mrs. Ada Taylor, 46 Wiley St., Send 10c to Dr. Pierce's Laboratory in Bridgeport, Ont., if you desire a trial box. ## Airplane Transport In Alberta

Passenger, Mail and Freight Service Between Calgary and Edmonton  
The commercial airplane transport projects are being developed in Calgary. One call for the use of seaplanes carrying 12 persons each, to be used principally for passenger, freight and mail traffic between Calgary and Edmonton. The other calls for lighter machines, two or three passenger, for Calgary-Edmonton and mountain flight purposes.

Aluminum possesses qualities of lightness, cleanliness and protection against rust and dust which make it incomparable as a container for fine tea. You will never find that flat, stale taste in Red Rose Tea, because it is put up exclusively in damp-proof aluminum packages.

## Losing Zest For War

Germany Now Prize Peace Says  
Noted Biographer  
Germany, whatever her alliance may be, will do all in her power to remain neutral in any war that may assail mankind in the far or immediate future.

Ernst Ludwig, noted biographer, expressed himself at Orchestra Hall, New York.  
It will henceforth prize peace, he said, for these three reasons:  
"First, because the royal prerogative to decree war does not exist anymore."  
"Second, because Germany has the greatest percentage of workmen to-day who are die-hard pacifists."  
"Third, because they realize they will be better off by remaining neutral."

Former Field Marshal von Hindenburg, doctor of Ludwig, will be re-elected president of the new republic as long as he lives.

"There are no symptoms of a return to the monarchy," he said. "On the contrary, since we are governed by the old conservative families, the republic is safer than before. When the citizen sees the Kaiser's old field marshal swearing allegiance to the new constitution, he says: 'It must be all right.'"

## The Feeding Of Babies

From time immemorial it has been recognized that babies thrive best when breast-fed, and that it is the duty of every mother to nurse her baby. But since it is frequently for one reason or another, the young mother looks about most anxiously for that food which will best take the place of the natural food which is not obtainable. It is essential that the food used should be absolutely pure, that it should contain all the necessary elements of nourishment for the child, and finally that it should be easily digestible. For three generations Borden's Eagle Brand Condensed Milk has been the standard of mothers who have been unable to nurse their babies. It is a leading infants' food, more Eagle Brand being used than the combined total of all others. It measures up to the requirements of the infant, and nearly all babies thrive on it from the first feeding.

Worms sap the strength and undermine the vitality of children. Strengthen them by using Mother Graves' Worm Extirminator to drive out the parasites.

## Issuing Series Of Historic Postcards

British State Papers Will Be Photographed For This Purpose  
To popularize history, the Public Record Office, in London, is about to issue a series of postcards made from photographs of some of the state papers contained in government archives. The subjects include: The original draft of the log of Nelson's flagship on the two days after the battle of Trafalgar; a signature of Shakespeare; Sir Philip Sidney's last letter; the indenture to Magna Carta; a page of the treaty violated by Germany in invading Belgium a picture of the two volumes of Doomsday Book.

Ruins of a city, believed to be a thousands years older than Rome, have been discovered near Ferrara, Italy.

## Short of Breath

Dizzy, Sinking Spells  
COULDN'T WALK FAR

Mrs. L. A. Oliver, Granville Ferry, N.R., writes: "A few years ago I had dizzy, sinking spells so bad I could hardly stand up without taking hold of something to support me, and I could not walk any distance on account of being so short of breath."  
"I had taken a lot of doctor's medicine, but it did me no good, only for the time being, so reading in the B.I.R. Almanac about

I decided to try them and found them to be just what they were wanted to be, and I feel that I owe my life to them."

Price 60c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

## Aviator Crashed Into Sea

British Flier Killed While Aiming At  
Speed Record

Flight Lieutenant S. M. Kinkaid, noted British speed pilot, flying at terrific speed, dived into the sea at Southampton, England, leaving no trace, while attempting to break the world speed record.

Lieut. Kinkaid, who was a member of the victorious British Schneider cup team of last year, was piloting the same type of machine with which Flight Lieutenant E. N. Webster won the Schneider trophy with an average of 291 miles an hour.

Lieut. Kinkaid had made his first trial flight in a Royal Air Force "wonder plane," and then had his second flight after which he declared he was convinced he would make more than 300 miles an hour.

The machine that he used was a super-marine Napier 8-5. During the Schneider cup races, Lieut. Kinkaid made a speed of 291 miles an hour, the highest rate attained over one lap in the race, but was forced to withdraw after completing the third lap.

The record which the British airman sought to shatter was that established shortly after the Schneider cup races by Major Mario De Bardi, Italian speed ace, who flew at 296.94 miles an hour.

## ARE PALE PEOPLE WELL?

Some pale people are well, but not many. Pale generally means thin blood. When, in addition, you are short of breath, and your heart palpates after slight exercise and you perhaps show symptoms of indigestion, you are in need of a tonic. If you will send your name and address to The Dr. Williams' Medicine Co., Brockville, Ont., they will send you two little booklets, "Building Up the Blood," and "What to Eat and How to Eat," both of which will be found very useful in the home.

## Recipes For This Week

(By Betty Barclay)

### QUICK SWEETS

1 cup flour.  
2 tablespoons baking powder.  
1/2 teaspoon salt.  
1/2 cup sugar.  
1/2 cup milk.  
1 cup puffed raisins.  
4 tablespoons sugar.  
2 teaspoons butter.  
1 teaspoon cinnamon.

Sift together flour, salt and baking powder. Cut in shortening and add sufficient milk to make a soft dough. Roll 1/4-inch thick. Cut in 6-inch squares. Pack a small handful of raisins in the centre of each, with one teaspoon sugar and 1/4 teaspoon butter. Wet edges of dough with cold water and fold over the raisins, pressing edges tightly together. Brush with milk and roll in remaining sugar and cinnamon which have been mixed together. Place 1/4 teaspoon butter on top of each sweet and bake in moderate oven (350 degrees F.), 15 minutes. Serve hot with lemon sauce made as follows:

1 cup sugar.  
1/2 cup butter.  
1 tablespoon flour.  
1 tablespoon lemon extract.  
1 cup boiling water.

Cream butter with sugar and flour. Add boiling water and boil one minute. Remove from fire, add lemon extract, and serve hot.

### VEGETABLE PLATTER

Four or five cooked, well-buttered and seasoned vegetables arranged attractively on a plate around some creamed vegetable, as potato, onion, or cauliflower, form a satisfying nutritious dinner. Add 1 to 2 tablespoons of butter to a cup of hot cooked vegetable.

### Sun Caused Fire

The heat of the sun caused a fire in one of the windows of a jewellery shop in Sydney, Australia. The window was stocked with toilet requisites, in which material of a highly inflammable nature in the window, and the heat of the sun caused the articles to become ignited. The plate-glass window was broken, and the contents of the window completely destroyed.

There is a small island off the coast of Ireland, which is inhabited by only fourteen families.

A fool can do more damage in a minute than a wise man can undo in six months.

What worries most Canadians is not so much status as status.

## SUNDAY SCHOOL LESSON

MARCH 25

### JESUS PROCLAIMS THE KINGDOM OF GOD

Golden Text: "And Jesus went about all the cities and the villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing all manner of diseases and all manner of sicknesses."—Matthew 8:35.

Devotional Reading: Malachi 3:1-4.

### Review By Means Of Allusions

I do not expect the Union to be dissolved, I do not expect the house to fall, but I do expect it will cease to be divided.—Lincoln.  
I am confident that should every foreigner be forced to withdraw, the grain of mustard seed will grow. Churches that live will have such vitality that the good news will be spread.—A Chinese Missionary.

One touch upon His garments' fringe still heals the hurt of bitter years; Before him yet the demons cower. He gives the hurt of joy for tears.—Margaret Sanger.

This characterization comes perilously near to being akin to the sin of the scribes of old when they attributed that which was good to the action of the spirit of evil. A more careful analysis of the social aspirations now becoming vocal in all lands would indicate that a strong man has entered the house and that he is destined to bind the forces of evil which have been working injury to the weak.—Charles Reynolds Brown.

"Whatever the fever, his touch can heal it."

The healing of His seamless dress by the good robe of Paul; We touch Him in life's throng and press, And we are whole again.—Whittier.

If you find that one door is blocked, try another; and if no ordinary way is open, tear up the roof, make a new departure. Love is inventive, and enthusiasm is persistent.—Samuel Chadwick.

The new wine of liberty is fermenting in the ancient bottles of custom and tradition.—A Russian writer.

Be not afraid. There is no harm Can come to those who trust The God who rules both wind and wave.

Whose laws are kind and just.—Pearl Halloway.

Our own sorry soul is made up of the accumulated attitudes, preferences, antipathies, loves, fears, hatreds, forgivenesses, which we take up and exercise towards our fellows. In view of all that, let us take deeply into our thoughts and practise the message of these words, "How can Satan cut out Satan."—John A. Hutton.

### Rub It In For Lame Back.

A brisk rubbing with Dr. Thomas' Electric Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it. You will be convinced. The liniment sticks in the palm comes out, and there are ample grounds for saying that it is an excellent article.

Experiments have demonstrated that it is possible to grow certain hardy fruits on the prairies. If there is anything in a name, the Snow and Northern Spy apples should be frost-proof.

People who have no sense of humor act mighty funny at times.

## The Right Soap For Baby's Skin

In the care of baby's tender skin Cuticura Soap is the mother's favorite. Not only is it unrivaled in purity and refreshing fragrance, but its gentle emollient properties are usually sufficient to allay minor irritations and promote skin health.

Sample Box Free by Mail. Address Canadian Depot: "Hercules," Ltd., Montreal. Try one box free. Distribute in all cities.

## Personal and Local

Have you purchased your spring bonnet yet?

Look up the advt. of P. Burns & Co. in this issue for values 30-1

With the approach of Easter, stores are displaying spring clothing, helping to welcome brighter days and warmer weather.

Mrs. Asbridge came down from Corbin this week to arrange for the removal of the remainder of their furniture to Corbin.

Chas. Graham left on Tuesday morning for Lacombe to look over prospective painting contracts on two hotels there.

Miss Mary Kilgannon returned on Sunday evening to Bassano, Alberta, after visiting with her mother here.

H. Wilton Clark, who for several months has been living at Seattle, recently arrived on a vacation to visit his parents here for a couple of weeks.

The regular meeting of the Women's Institute will be held at the home of Mrs. O. E. S. White on Tuesday next. The roll call will be "Sour Milk Recipes."

The ladies of St. Allan's W.A. wish to thank all who helped by giving their services and donations or in any other way helped to make their St. Patrick's sale a success.

Mr. O. E. S. Whitehead, general manager of the International Coal & Coke Co. Ltd., is in Vancouver this week, where the annual meeting of the company is being held.

The Up-to-Date Men's Store, Geo. Neil, proprietor, announces a special showing of men's clothing for Easter, also shoes and men's furnishings. Watch for advertisement in future issue. It will interest men particularly.

The prize winners at the Reckish whist drive Saturday last were: ladies' first, Mrs. Caroe, consolation, Mrs. A. Walker; gent's first, Neil MacKinnon, consolation, W. Garner; floating, Mrs. Emmerson Mr. Peet.

This year Coleman will be on the automobile map issued by the Calgary Auto Club and Alberta Motor Association. It should have been long before this! Sam's Service Station and the Grand Union hotel are marked on their new road maps for 1928.

A birthday party in honor of Jennie Dickson's seventeenth birthday was held on Monday evening, at which six tables of whist were played, the prize winners being Janet Gillespie, first; Grace Paterson, second; Phyllis Nash, consolation.

Cars sold by Crow's Nest Pass Motors this week were an Imperial Sedan to Mrs. H. E. Gate and a standard sedan to John Jackson. Sam's Service Station, Coleman, is sub agent for the Chevrolet car sold by Crow's Nest Pass Motors, Ltd. 30-1p

Mrs. Bell, mother of Mrs. Asbridge, returned from Cumberland, Eng., on Sunday morning, where she has been visiting for some time.

The Journal was in error a few weeks ago in stating that Mrs. Bell had gone to Corbin with her daughter.

Home can be made very much more attractive and comfortable by the use of suitable wallpaper and appropriate use of paint. See Chas. Graham for your spring painting and renovating. Expert service.

At the regular meeting of the Elks lodge last Friday night a donation was made to the War Memorial fund of \$25.00. Since this fund was opened last summer, there has been quite a number of contributions made, and later on the memorial committee will decide on what form the memorial will take. The fund now stands at \$523.72.

The novelty of those two-cent Confederation jubilee stamps has long since worn off, and people are now hankering for the return of the usual size stamps. But not till all the small poster stamps are sold will the post-office resume selling the customary size. This is a sample of getting too much of a good thing. Nobody likes them, not even the postmasters.

Gates ladies wear store announces the opening of a new show room for the display of ladies dresses. For the Easter season a splendid showing of dresses for ladies and misses is being arranged, and cards have been sent out inviting the ladies of the district to attend the fashion show on Friday and Saturday.

A farewell party in honor of two young men of Coleman, Thos. Izatt and A. Izatt, was held at the home of Mr. and Mrs. Alex. Muir last Thursday evening, prior to their departure for Newark, N. J., after living in Coleman for the last five years. Bridge was played, and the prizes went to Miss Milligan, ladies first; Mrs. W. H. Garner, consolation; Mr. Garner, gent's first, and A. Izatt, consolation.

Easter Sunday is on April 8.

More than ever wise and necessary—and we have the paints, the hardware and everything that is required in the annual clean-up campaign which all enterprising citizens engage in.

**The George Pattinson Hardware**  
"The Store That Sells For Less"

A WELL dressed man is always considered as a business asset, and the big men in business are quick to appreciate that fact. Dressed in Leishman Clothing, you can go through your business day secure in the knowledge that you could not be better or more correctly dressed. And you are assured of continued good appearance during the long life-time of the garments because Leishman clothes keep their "hang"—their snug fit—their style and shape—long after ordinary clothing would be discarded.

If you want "quality" clothing, ask for Leishman Clothes. For years they have been known as "the best tailored garments for men."
